Key Impacts of COVID-19 on PLHIV and Key Populations.

- Livelihoods of many of our targeted key pops who rely on daily wages and lost those jobs/income sources or run small businesses that are forced to close.
- Experiencing isolation, depression, and some cases of attempted suicide & more frequent use of ATS consumption foremost is meth / syabu.
- Testing uptake for HIV/HCV at clinics may be affected by travel restrictions and even fear of going to clinics during this currently worsening pandemic.

MALAYSIA

OUR OWN Covid-19 vaccine

Malaysian experts are currently developing two types of Covid-19 vaccines

MTAAG+

Positive Malaysian Treatment Access & Advocacy Group

INACTIVATED VACCINE

- An initiative by the Institute for Medical Research, Universiti Putra Malaysia and Veterinary Research Institute
- Uses viruses that have been killed with **chemicals, heat or radiation** to trigger an immune response in our bodies
- A proven technology to **work in people**
- Examples: **Sinovac, polio vaccines**

mRNA* VACCINE

- A project by the Institute for Medical Research
- Uses a section of **genetic material** that provides instructions for our cells to make a specific protein that our immune system can identify and respond to
- A **new way** of developing vaccines
- Examples: **Pfizer-BioNTech, Moderna**

Note: *Messenger ribonucleic acid

- 29.1% of population vaccinated (first dose)
- 50.1% of population fully vaccinated (2 doses)

Source: <https://covidvax.live/location/mys>

- **Eligible for vaccination.**

The vaccination programme rolled out in three phases:

- Phase 1 (Feb 26 - April): **Frontliners.**
 - Phase 2 (April - August): **High-risk groups.**
 - Phase 3 (May - Feb 2022): **Adults aged 18 and above.**
-
- **Adolescent**, aged 12-18 is being left behind.

Key barriers for PLHIV and key populations in accessing C-19 vaccines.

- a) Barriers are same as faced by all Malaysians - they are waiting for their appts.
- b) Only those who are at AIDS stage have more barriers.
- c) They need to consult their ARV doctor before getting their vaccine shot.

Specific issue relating to C-19 vaccine information and access.

- Unstable vaccine supply being placed advanced order by certain rich countries.
- CSOs letter demand Prime Minister to support TRIPs waiver in WTO.
- Prime Minister responded in video address at the Nikkei's Future of Asia conference in Tokyo. Malaysia become co-sponsor of TRIPs waiver proposal.
- Still needs to be done-Stop nationalism in Thailand halt export for South East region AZ plant supply.
